

BOUGAINVILLEA BEACH RESORT RECLAIMS 'ENVIRONMENTAL EXCELLENCE' AWARD

JUNE 2009, BARBADOS - Bougainvillea Beach Resort re-claimed the **Environmental Excellence Award** at the Barbados Tourism Awards, held on June 6th. This event provides the highest accolades of the Barbados tourism industry.

The evening of elegance held at the residence of the Prime Minister of Barbados, provided an opportunity for stakeholders in industry to celebrate excellence and to encourage continuous improvement in a challenging business environment. The receipt of this award mirrors the achievement of **Green Globe Gold Certification**, which the resort obtained earlier this year, and endorses Bougainvillea's commitment to environmental responsibility over the last six years.

Gordon Seale, Owner and Managing Director of Bougainvillea Beach Resort, was also honoured with the **Pillar of Tourism Industry Award – Individual**; in recognition of his exceptional contribution to Barbados' tourism product through 42 years of dedication, leadership, innovation and subsequent development of one of the most successful resorts in Barbados.

As **Bougainvillea reopens fully on June 27th, 2009**, the enhancements to public areas and suites are a testimony to Bougainvillea's promise to provide a home away from home for its valued guests, with outstanding leisure facilities and warm, personal service.
